Generative AI represents an enormous opportunity

Reduce busywork

Radically rethink your workday. Delegate tasks to AI and protect focus time for the creative work that leads to innovation. Produce high-quality work in half the time.

End information overload

Quit mentally absorbing unnecessary information. Get answers instantly, identify only the important information, and restructure your day for success.

Work smarter, not harder

Quit spending so much time in your inbox. And make meetings more efficient with AI-powered intelligent meeting recaps, transcripts, and recordings.
