

**Take control of your
Microsoft Azure costs.**

When you migrate to Azure, your demands for its workloads will fluctuate over time and without continuous monitoring and optimisation, your costs can spiral out of control; it is important to monitor your Azure environment to ensure that you are not paying for unnecessary costs.

Therefore, engaging a partner who has deep technical expertise and product knowledge on Azure means they can assess and find the root causes of your rising Azure spend. If you don't have this kind of inhouse expertise, you can count on Professional Advantage to provide you with ongoing cost optimisation strategy and consulting so you can save on your Azure spend.

Benefits of engaging Professional Advantage.

Engaging a partner that lives and breathes Microsoft Azure can help you to:

1. Keep your Azure spend under control.
2. Eliminate underutilised Azure resources.
3. Learn best practices to manage your Azure usage.
4. Get expert recommendations and optimisation strategies.

Get the most out of Microsoft Azure!

We invest in services that help organisations achieve more with their technological investments which is why we are offering our Azure Cost Optimisation Service for a **special one-time rate of only \$1,000** for select organisations. This service is typically valued at \$3,600.

When you kickstart with this 2-day service, you will get:

2-day Azure Cost Optimisation Service <10 servers*	<ul style="list-style-type: none">● A review of your existing Azure environment to highlight underlying issues affecting its performance (storage, networking, virtual machines and security)*.● A better understanding of your detailed Azure usage and its associated costs.● Analysis of your existing Azure licensing structure to spot what other benefits you could be missing out on.● A summary of the recommended optimisation strategies to reduce your Azure costs.● A summary of recommendations to address underlying configuration issues leading to application performance challenges.
Cost: \$1,000	

Work with a trusted Azure partner.

Delivering IT solutions for more than 30 years, our team of experienced and certified engineers and solution architects have helped our clients to save between 20% and 40% on their Azure costs.

We have been helping Australian organisations adopt the Microsoft Azure cloud platform since its initial release in 2008 and have kept our **Microsoft Gold Certified Partner for Cloud Platform** since then. We have since added our **Tier 1 CSP Partner** status and have become a **Top Gun Partner for Intelligent Cloud** – a unique position for only a handful of partners that means we can provide you with the computer software, services, and support on Microsoft Azure technologies.

“A review of our Azure operations by PA was very worthwhile. They were extremely knowledgeable and quickly understood our complex use of Azure in our SaaS application, providing suggestions that reduced our costs by 40%.”

Shane Barnette, CTO, DocsCorp

Start saving on your Azure costs now.
