

Empowering  
productivity, security,  
and mobility with  
**Microsoft 365  
Enterprise**

**Microsoft 365 Enterprise** brings together best-in-class Office productivity apps, device management, and advanced security to support organisations with more complex cloud services needs. It is the license bundle ideal for organisations with more than 300 users.

This data sheet serves as a quick feature and price comparison of the more popular Microsoft 365 SKUs purchased mainly by large clients at Professional Advantage. We recommend combining E5 Security with E3 for more robust security and compliance capabilities at a cost-effective price point.

\*Prices are subject to change without notice, so please contact us for the confirmed pricing or if you need further guidance.
