

Red Eye Constructions and Interiors improves field productivity and collaboration with Microsoft SharePoint.

Industry:
Construction

No of Employees:
10-50

Solution:
SharePoint Online

Solution

Professional Advantage implemented a SharePoint Online-based Intranet for Red Eye in 5 weeks, including Microsoft 365 Learning Pathways to assist with their users' adoption.

“Our users really embraced SharePoint! Everything is in one location rather than on different spreadsheets or platforms, we have easy access to information and have the ability to securely share it externally has been really helpful.”

Michael Robertson, Gen. Manager
Red Eye Constructions & Interiors
