

Analytical Accounting

Analyze, interpret, and create reports based on your company's chart of accounts...

Using Analytical Accounting, you can better assess your company's accounts by entering detailed analysis information without resorting to segmental accounting. You have the flexibility of storing non-monetary information as well as the capacity to create budgets using analysis dimensions, comparing your actual figures with budgeted figures.

Duration: Half Day Course**Cost: \$840 + GST + Travel****Who Should Attend:**
