

Discover How Microsoft Copilot Studio Can Transform the Way You Work

Half-Day Copilot Studio Discovery Session

Accelerate Your AI Journey with Expert Guidance

Unlock the full potential of Microsoft Copilot Studio with a focused discovery session designed to identify where AI can deliver the most impact in your organisation. In just half a day, we will help you chart a clear path from vision to value.

Why sign up?

Organisations that invest in AI-driven automation are not just improving efficiency. They are redefining how work gets done. This discovery session helps you:

-  **Cut through the noise** and focus on high-value AI use cases.
-  **Accelerate adoption** with a clear plan and expert guidance.
-  **Maximise ROI** from your Microsoft 365 and Copilot investments.

What will you get?

By the end of the session, your team will have:

A clear understanding of Copilot Studio's potential.

Learn how Copilot Studio fits into your Microsoft 365 environment and what it can do for your people and processes.

A prioritised list of Copilot use cases.

Identify and rank opportunities where Copilot agents can make the biggest impact, whether in customer support, HR, finance, or operations.

A readiness snapshot and actionable roadmap.

Understand your organisation's current readiness for Copilot adoption and gain a tailored roadmap for next steps: deployment, pilot, or proof of concept.

Who should attend?

This session is designed for cross-functional teams including:

- Business Leaders and Decision Makers.
- IT Directors and Solution Architects.
- Process Owners and Department Heads.
- Innovation and Digital Transformation Teams.
